ABOUT US

GENERAL BUSINESS ACTIVITIES

Linpac coral Nigeria Limited has been established as a corporate group company in Nigeria. Our traditional business model is based on Providing Solutions to space. Even though the company was established as a limited liability corporation in 2013, it had been operating as an enterprise company since 2000.

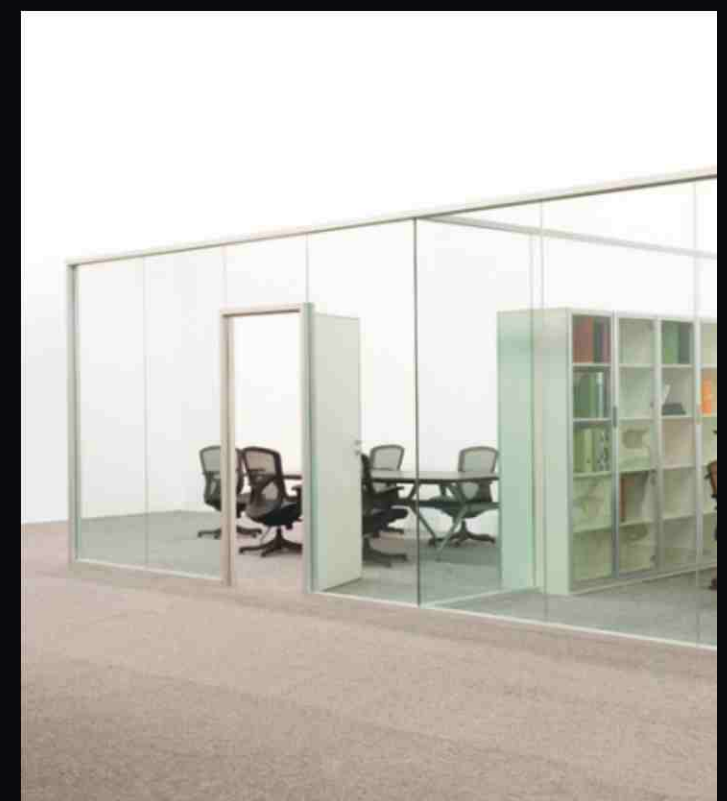

Linpac Coral Nigeria Limited started operations in the real estate sector before incorporating office solutions into its operations in 2012.

Linpac Coral Nigeria Limited has grown steadily by building capacities, harnessing local expertise and international skills and resources in project execution and management. The business founders remain at the heart of it and continue to inject their passion and commitment to the business.

The company strives to bring creativity into every job while also ensuring that the client's wishes are fulfilled within the given time frame. Our diverse work load allows us to see every job from different facets and thus bring in angles not previously considered by the client. This has ensured our assurance of getting referrals and repeat business from our clients. The real strength of Linpac Coral Nigeria Limited is in its ability to forge key partnership for capacity building (both with local and international power equipment companies) in order to deliver.
